

Nexus Wireless Full Weather Station

Specification:-	
Delivery contents	: Base station, thermos-hygro transmitter, rain gauge, wind transmitter, USB cable (2 m), batteries, power adapter, instruction manual
Measuring range temperature outdoor	: -40...+80°C (-40...+176°F)
Measuring range humidity	: 1...99%
Radio-controlled clock defeatable	: Yes
Maximum range	: 100 m
Sender im Lieferumfang	: 30.3150 (T/H-transmitter), 30.3148 (rain gauge), 30.3168 (wind transmitter)
Transmission frequency	: 433 MHz
Measuring range temperature indoor	: -10...+60°C (+14...+140°F)
Clock	: Radio-controlled clock
Material	: Plastic
Assembling	: Wall mounting or free-standing
Power consumption	: Battery, power adapter
Batteries	: 4 x AA 1.5 V (base station), 2 x AA 1.5 V (T/H-transmitter), 2 x AA 1.5 V (rain gauge), 2 x AA 1.5 V (wind transmitter)
Batteries included	: Yes
Dimensions	: (L) 224 x (B) 35 (96) x (H) 192 (162) mm
Weight	: 557 g
