

<b>Specification:-</b>		
<b>Temperature</b>		
Measuring Units	:	°C or °F
Indoor Range	:	0°C to + 50 °C
Outdoor Range	:	-20°C to + 60 °C
Resolution	:	01°C
<b>Humidity</b>		
Measuring Units	:	% RH
Range	:	20 % to 99% RH
Resolution	:	1% RH
<b>Atmospheric Pressure</b>		
Measuring Units	:	hPa, inHg, mb Range for barometric pressure (from 500 hPa to 1100 hPa) Barometric air pressure history bargraph showing last 24hrs Last 24 days history available on screen Sea level adjustment setting
<b>Wind</b>		
Measure units	:	km/h, m/s, knots, mph
Range	:	from 0 to 199 mph)
<b>Rain</b>		
Choice of precipitation display	:	over 1 hour, 24 hours, last day, last week, last month
Measure units	:	mm or inch
Range	:	from 0 to 1999.9 mm (over 1 or 24 hours) And from 0 to 9999 mm (on the total rain volume)
Dew Point	:	Dew point display
Alarms	:	Wind gust and Wind chill high/low alarm Ice Alert
Time	:	Radio controlled clock & calendar Manual setting function
Time zone	:	+/- 9 hours
<b>Transmission</b>		
Distance	:	Anemometer 50m (openfield), Temperature / Humidity Sensor 30m (openfield), Rain Gauge 30m (openfield)
Transmission	:	433mhz
Type	:	Wireless
